COMFORT AND ECO VINYL STOOL

This range of stools is well adapted to medical environments as it provides excellent comfort thanks to a 60mm thickness (30mm on eco versions). It can be equipped with an adjustable backrest and a foot control system for perfect hygiene as the user does not need to use his hands to adjust the seat.

PRODUCT ADVANTAGES :

- Chromed or polyamid 5 branch base, 550 or 590 mm diameter
- Articulated nylon pads or casters
- Height adjustment seat by chromed gas lift column, with shock absorber
- 3 available heights, for adjustments between 420 to 870mm. Strokes of 100 and 240mm
- Available polyamid footing with chromed branches, adjustable in height
- Available height adjustment by foot control
- Black Ginkgo vinyl seat with 60mm thickness, or grey with a 30mm thickness
